KEY FEATURES

- **High Flow Rates at Various Pressures** – Offers a consistent, high flow rate even at different pressure settings, enhancing performance and speed.
- **Air Flow Rate of 130L/min (0 PSI)** – Rapid inflation even at lower pressures, reducing downtime.
- **Thermally Protected Motor** – Prevents overheating during extended use, ensuring long-term durability.
- **Washable Air Filter** – Reduces maintenance by allowing easy cleaning and reusability.
- **Automatic Shut-Off Pressure Switch (150 PSI) (1034kPa)** – Safeguards your tyres and compressor by preventing overinflation.
- **Max Working Pressure of 150 PSI (1034kPa)** – Ensures reliable performance for large vehicle tyres even in demanding situations.
- **6m Hose Length with NPT 1/4" Quick Connect** – Provides ample reach for inflating multiple tyres or different vehicles.
- **Compatible with Oricom's tyre inflator and deflator kits**

PACK CONTENTS

TECHNICAL SPECIFICATIONS

Number of Cylinders	2
Cylinder Diameter (Bore)	40mm
Voltage	12-13.8VDC
Current Draw Under Load	62A
Current Draw No Load	35A
In line Fuse Supplied	2 x 40A
Washable Air Filters	Yes
Max Pressure	300PSI
Max Working Pressure	150PSI (1034kPa)
Duty Cycle	100% until thermal cut-out operates
Air Flow Under Load	108L/min (40PSI) (276kPa)
Air Flow Rates	30 L/min (0PSI) 112 L/min (29PSI) (200kPa)
Automatic Shut-off	120-150psi pressure switch
Pressure Cutout Switch	Cuts out automatically when 120-150psi pressure reached
Motor Thermal Protection	Yes
Connection to Battery	Wiring loom
Hose Length	6m
Hose Connector Type	NPT 1/4" Quick Connect
Product Dimensions (cm)	29x24.5x12
Weight	10.2kg
Warranty	3 Years

- 1 x Twin Cylinder Air Compressor
- 2 x Washable Air Filters
- 1 x Switch
- 2 x Wiring Looms
- 1 x 6m Inflation Hose with 1/4" NPT quick connect fitting
- 1 x Digital Tyre Gauge
- Required Mounting Hardware
